

Creamy Indulgence Without Compromise

SOUPS | SAUCES | DIPS | DRESSINGS

Some ingredients deliver the right consistency but lack flavor. Others improve nutrition but perform poorly through life cycle conditions.

Grande Bravo's rich mouthfeel, clean dairy flavor and inherent nutritional qualities helps formulators create a sense of indulgence in creamy applications.

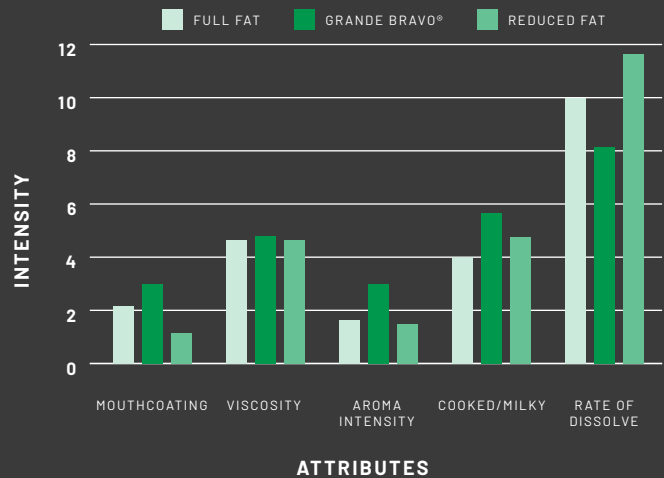

Rich Flavor, Creamy Texture

Low-fat formulas don't need to skimp on signature dairy flavors or use masking agents. Appeal to health-conscious, clean-label consumers with an all-natural, sustainable ingredient that undergoes zero chemical modifications.
